To: John Karousos, Assistant Chief
Audio Division of the
Media Bureau

Pursuant to 47 C.F.R. 1.401, Charles Crawford respectfully petitions the FCC to institute a Rule Making proceeding to amend the FM Table of Allotments to add Channel 281A at Rosepine, Louisiana.

Petitioner respectfully submits that the public interest would be served by allocating Channel 281A to Rosepine, Louisiana as that community's first local service. Rosepine, Louisiana is an incorporated community with a population of 1,135 people. Rosepine has its own mayor, Johnny B. Hall, its own post office, volunteer fire department, police department, Chief of Police James Parrott, its own high school, elementary school and several local churches. Rosepine is a community that is certainly deserving of local FM service. The proposed channel 281A will provide additional diversity and an outlet for local self-expression to Rosepine residents and therefore is in the public interest.

Attached hereto is a channel study confirming that Channel 281A can be allocated to Rosepine, Louisiana, consistent with the FCC's FM separation rules. See revision of FM Assignment Policies and Procedures, 90 FCC 2d 88 (1992).

Reference coordinates are:

30 55 24 N

93 20 24 W

Should this petition be granted and Channel 281A be allotted to Rosepine, Louisiana, Petitioner will apply for Channel 281A at Rosepine and after it is authorized, will promptly construct the new facility.

The factual information provided in this Petition for Rule Making is correct and true to the best of my knowledge.

Respectfully submitted,

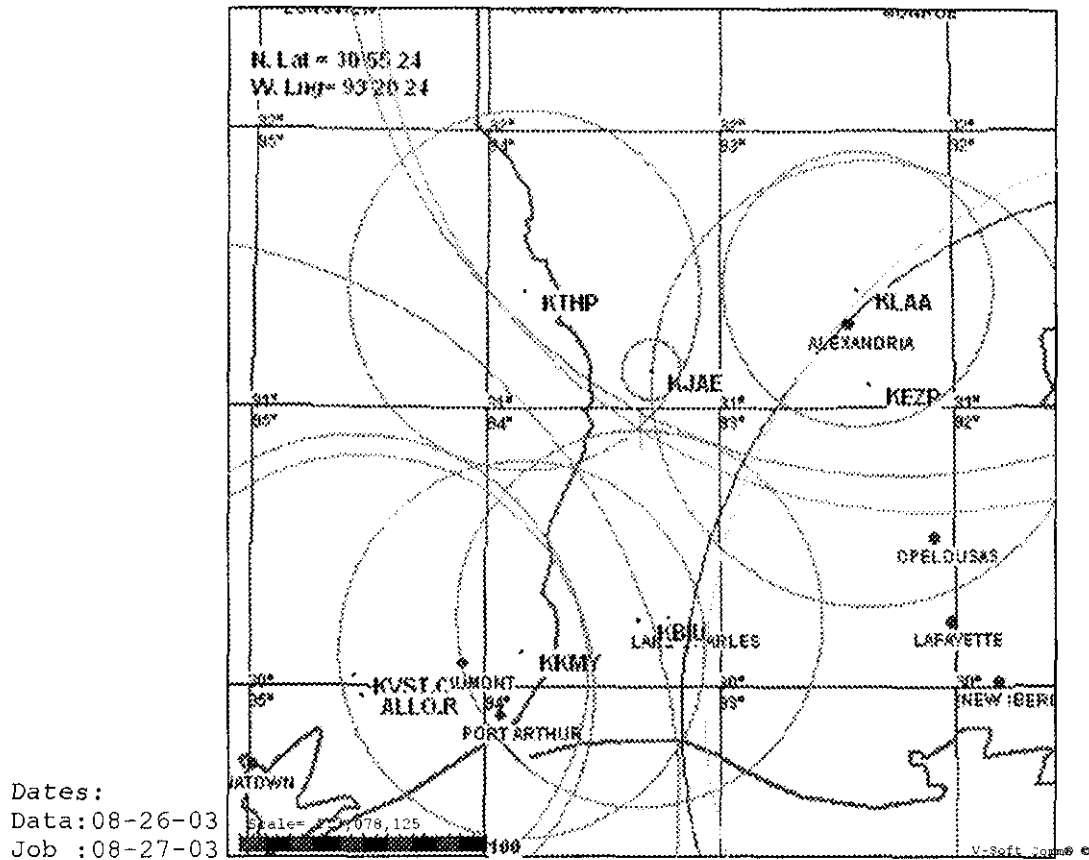

Charles Crawford
